DIGITAL GLAZE VITRIFIED TILES
600x600mm | 600x1200mm

OUR PRODUCT

Vitrified tiles are found in every designers and artists good book because of their low porosity. Taking this parameter into consideration, we have developed an Ala- Grande version of GVT and PGVT tiles that are not only resistant to water and frost but are also appealing in looks. A wide variety of artwork in terms of surface texture is being offered, to cater distinguish styles of décor settings. All these beauty-aspects are very well balanced by the strength and wear and tear resistance that comes from the use of digital technology. We have used imported glaze to give the unmatched surface sheen and for the polished tiles, advanced polishing technology is used to lock the look for
